

DEPARTMENT: Information Protection	POLICY DESCRIPTION: Information Security – Monitoring of User Accounts and User Activity
PAGE: 1 of 2	REPLACES POLICY DATED: 2/25/98, 8/1/99, 4/14/03 (IS.AA.014), 4/21/05, 1/15/10, 11/1/2012, 12/1/14
EFFECTIVE DATE: April 1, 2016	REFERENCE NUMBER: IP.SEC.021 (formerly IS.SEC.021)
APPROVED BY: Ethics and Compliance Policy Committee	

<p>SCOPE: All Company-affiliated facilities including, but not limited to, hospitals, ambulatory surgery centers, imaging and oncology centers, physician practices, shared services centers and corporate departments, Groups, Divisions and Markets.</p>
<p>PURPOSE: To provide facility leadership with requirements to monitor workforce member’s information system user accounts and associated electronic user activity in order to detect potentially inappropriate or unauthorized access to sensitive or restricted information in support of the Company’s Information Systems Account Management (ISAM) Program.</p>
<p>POLICY:</p> <ol style="list-style-type: none"> 1. Each Company-affiliated facility is responsible for a user account monitoring program that prevents and detects irregularities in user activity during the normal course of business. 2. Facilities must support the ISAM Program by documenting risk-based decisions about periodic reviews of user accounts. See Information Protection Access Control Standards for User Access Management (AC.UAM.01-04) for specific requirements and standardized documentation tools. <p>DEFINITIONS:</p> <p>Designated Reviewer: Individual who is assigned to a role responsible for making a determination about the appropriateness of a user account or user activity based upon having knowledge of a user’s role(s) and/or current responsibilities. Examples of roles that may be designated by a Business Owner to perform periodic reviews may include Managers, Department Directors, Sponsors of non-employees, etc.</p> <p>Information Systems Account Management (ISAM) Program: The ISAM Program is maintained by the Information Protection Department for the purpose of providing Business Owners, IT&S Product Owners, and other key stakeholders with standardized processes and tools needed to establish and maintain reasonable safeguards related to the approval, creation, modification, removal, monitoring, and overall management of user accounts. ISAM Program resources are stored on Atlas Connect.</p> <p>Sponsor of a non-employee: A Sponsor has direct knowledge about a non-employee’s role, responsibilities, status, licensure, certification, etc. and is responsible for making a determination about initial access, as well as performing periodic access reviews if required.</p>
